

PROTECTION OF CONFIDENTIAL AND SENSITIVE INFORMATION POLICY

The protection of Confidential and Sensitive Information (CSI) assets and the resources that support them are critical to the operation of PCOM (see policy 2.01 – Confidentiality). As information assets are handled they are placed at risk for potential threats of employee errors, malicious or criminal actions, theft, and fraud. Such events could cause PCOM to incur a loss of confidentiality or privacy, financial damages, fines, and penalties.

The full Protection of Confidential and Sensitive Information Policy (2.03) can be found on MyPCOM, Resources section.
