

SCHOOL OF HEALTH SCIENCES

PCOM, PCOM Georgia, and PCOM South Georgia

PCOM's School of Health Sciences offers challenging, rewarding and innovative programs in physician assistant studies, physical therapy, forensic medicine, medical laboratory science, cancer biology and biomedical sciences.

Our mission is to develop lifelong learners focused on creating positive change in their communities and the health of the people they serve. Our curriculum combines the best elements of lecture, laboratory and field experiences. As a student at PCOM, you'll learn from outstanding faculty with real-world expertise and enjoy a collaborative, hands-on education that will prepare you for success in your chosen field.
